The National Association of Security Companies (NASCO) is the nation's largest contract security industry association whose member companies employ over 450,000 trained security officers servicing the commercial and government sector. NASCO is the leading advocate and source of information for the industry, interacting with legislators, regulators, business associations, the media and others to promote the use of contract security, put in place meaningful standards and regulations, assure balanced governmental oversight and on behalf of its members actively monitor and participate in federal, congressional and state activities related to the industry and the use of private security officers.
